2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Yuba County Office of Education provides a full range of educational services to meet the needs of students in the Juvenile Hall facilities. H.P.B. Carden School provides an alternative learning program for incarcerated students. The primary goal of the school is to help students succeed academically, socially, and emotionally in order to successfully transition back to their school of residency and community upon their release.

We focus on creating an engaging learning atmosphere, while remedying credit deficiencies and mitigating existing barriers to learning. Through our collaborative efforts regarding student Individual Learning Plans (ILP), school staff work with County support staff, parents, and students to provide interventions and supports to students to reach their goals. The ILP development process is facilitated by the Intervention teacher and is reviewed weekly with the student to monitor progress towards meeting goals. Special Education services are provided by classroom teachers under the guidance of a special education teacher who collaborates with teaching staff and the student in accordance with their Individual Education Plan (IEP).

In collaboration with Yuba County Probation and the Tri-County Juvenile Rehabilitation Center, the Multi-tiered System of Supports (MTSS) model is utilized to provide academic, behavior, and social and emotional interventions and supports in to meet individual student ILP goals. Positive Behavior Intervention and Supports (PBIS) has been implemented both in the educational school program and institution wide. Supports and services such as counseling, restorative practices, college and career readiness support, mentoring, homeless support, and foster youth support are made available as determined by the student's ILP.

VISION

At TEM and Carden Schools we are committed to demonstrating the value of a quality education for our students, parents, and community. TEM creates a safe, nurturing, and restorative educational experience by providing a classroom culture that values education.

MISSION

Our mission is to provide students with individualized learning plans to enhance their academic, behavioral, and social emotional needs. Students discover multiple pathways for college and career readiness as they meet their personal goals.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

In the 20/21 school year, YCOE began transitioning into CTE offerings through collaboration with the Yuba County Career Preparatory Charter School (YCCPCS). This collaboration has opened opportunities for students in industry sectors including, transportation, manufacturing, plant and soil science and animal science. Currently, Carden students incarcerated at the Camp Singer facility are attending welding class at YCCPCS. Students in the Juvenile Hall facility receive in class CTE instruction in the construction industry sector.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Students incarcerated in Juvenile Hall are placed under the jurisdiction of the courts.

Opportunities for Parental Involvement:

Parents are an integral part of the school community at Harry P B Carden School and are actively involved in school decisions, student intervention and supports, and our students' and school's overall success. Parents are invited and encouraged to participate in our School Plan for Student Achievement (SPSA) development process to help our program identify equity gaps in our systems and make positive changes for our students. Parents are involved as both participants and members of our School Site Council (SSC), which meets bi-monthly, to collaborate on our SPSA. We encourage active participation by reaching out to parents by posting our SSC agenda on site and using our AERIES online student information system for phone calls, texts, and mail. During the SSC, we collaborate with our parents to review key indicators identified by the California Department of Education to review student and school data to identify equity gaps. Parents play an active role in providing input and, as voting members on the SSC, are part of the decision making process.

One of the most important roles parents are involved in at Harry P. B. Carden School is our student supports and interventions

2021-22 Opportunities for Parental Involvement

systems. Harry P. B. Carden School is committed to our students' academic, behavioral, social/emotional learning, and career/college readiness growth. To that end, we have instituted our Individual Learning Plan (ILP). Our ILP is a joint effort with Harry P. B. Carden School and YCOE staff, parents and students. The ILP provides a pathway to graduation for all students by counseling students and parents on our graduation requirements, credit review, and appropriate enrollment in classes leading to timely graduation. The ILP supports students throughout the process by providing weekly academic support and interventions in accordance with our students' IEP. Using baseline-testing scores in reading and math, staff set up and record student progress towards mastery of state standards. Staff also review class and credit progress with students to encourage engagement and identify barriers to learning and engagement. Staff work with parents by providing updates on student progress and encouraging parents to use positive behavior interventions and supports at home with students to encourage them to engage in our programs. Students and parents are invited to ILP meetings throughout the school year to participate in their students' success. In summary, Harry P. B. Carden School provides multiple opportunities to our parents to get involved in the success of our school and our students by actively participating in decision making processes through our SSC and supporting students through our ILP system.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	10.24	0.00	8.01	0.25	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Professional Development

Harry P. B. Carden School dedicates a large portion of our professional development to responses to interventions and support. The areas of focus are on our Multi-tiered System of Support (MTSS) for behaviors and social emotional learning. Our trainings focus on Positive Behavior Intervention and Supports (PBIS), Crisis Prevention, Restorative Practices, Restorative Justice, Trauma Informed Practices, and social emotional learning. Every Friday is a minimum day and is dedicated towards staff professional development. We also meet monthly for PBIS meetings to review data, goals, and outcomes. Additionally, staff and administration meet as needed before school and after school where we collaborate and provide support to teachers and staff during implementation of our systems. Through our weekly meetings, we share data, best practices, provide peer-to-peer mentoring, administration to staff mentoring, and share our experiences. The collaboration allows us to learn from each other and become more proficient at supporting our students. Additionally, Carden was recently WASC accredited in July 2019 and we are continuing to make sure that we update our WASC Action Plan.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
