YCOE SCHOOL REOPENING PLAN

The Yuba County Office of Education has been working extremely hard in developing plans to reopen our programs and fully implement our educational services. Clearly, we are closely adhering to all the safety protocols and guidance advisories from both the State of California and the Yuba County Health Department. This plan outlines those efforts and underscores our commitment to our students, families, and staff. While we are all facing new challenges associated with the current pandemic, we are extremely hopeful at YCOE and look forward to continuing our tradition of educational excellence and service. Thank you to all the YCOE staff and families for your responses to our YCOE Reopening Surveys. Your input has been invaluable in shaping our strategy. A YCOE Response Team email link has been created for parents and staff who have COVID-19 related questions and or comments. They may be emailed to FAQ@yubacoe.k12.ca.us. For a more detailed look at our YCOE Reopening Plan, go to https://www.yubacoe.org/ and click on YCOE Reopening Plan.

YUBA COUNTY OFFICE OF EDUCATION

Instructional Models

IN PERSON INSTRUCTION

Teachers, staff and students are school based instruction with social distancing and health and safety measures in place.

BLENDED LEARNING

Instruction occurs in the classroom with social distancing measures and health and safety measures in place, and through extended learning opportunities offsite, which support the base classroom instruction.

HYBRID LEARNING

Instruction occurs in both the classroom (limited) and remotely with social distancing measures and health and safety measures in place. Scheduled interactions with a teacher, support provider, and/or school staff are limited while on site.

DISTANCE LEARNING

Interaction and teaching from a classroom teacher through technology while a student learns at home. Instruction occurs outside of the traditional physical classroom setting through various media and technological platforms.

All YCOE instructional programs and related services will use Google Classroom/Google Meets for our online instructional platform. Yuba County Office of Education instructional program reopening will be adjusted as necessary if there is a change in the reopening stage of California and Yuba County as determined by Governor Newsom, the CDPH and the Bi-County Public Health Officer.
ACADEMIC SUCCESS
In Person Instruction

YCOE

Preschool - Age 22 Programs

- Blended Learning Model
- In-person instruction, as appropriate
- Distance Learning via the following methods, as appropriate:
  - a. Virtual/online platforms
  - b. Telephone
  - c. Email
  - d. Home learning
    - opportunities such as intervention packets and manipulatives

YCOE Alternative Program

Thomas E. Mathews Community School

- Blended Learning Model
- Days and hours on campus specific to student need
- Service and educational plans determined by IEP and student need

Yuba Co. Career Preparatory Charter School

- Traditional Independent Study (IS) students will meet individually with their IS teacher. These students will attend a CTE course with a limited number of students
- Hybrid Cohort IS students will meet one time a week with a limited number of students in their Cohort
- All IS students may participate in
- ½-hour to three hour courses that are one time a week and limited to a small number of students
- Special Education students are the same as all other student educational programs. When receiving services, they will be in an assigned cohort with other students and meet individually with their case manager as appropriate
**HEALTHY HYGIENE PRACTICES**

Wash your hands with soap and water for at least 20 seconds, especially after you have been in a public place, or after blowing your nose, coughing, or sneezing. Be alert for symptoms: fever, cough, shortness of breath, runny nose with colored mucus and sore throat, open sores, rash, signs of infection, nausea, vomiting, diarrhea, new loss of taste or smell. This list does not include all possible symptoms. Please visit: https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/symptom-screening.html to learn more.

**FACIAL COVERINGS**

Facial coverings are meant to protect other people in case the wearer is unknowingly infected but does not have symptoms. All adults, and students in 3rd grade and above, are expected to wear facial coverings when 6 feet distance cannot be maintained. Facial coverings are strongly recommended for students in 2nd grade and below, but not for those under 2 years.

**HOW TO WASH CLOTH FACE COVERINGS**

Cloth face coverings should be washed after each use. It is important to always remove face coverings correctly and wash your hands after handling or touching a used face covering. For detailed washing and drying instructions, go to: https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/how-to-wash-cloth-face-coverings.html

**DAILY HEALTH & SYMPTOM SCREENINGS**

Temperature and symptom screening for both staff and students, will be conducted by staff. For students being transported by school bus, health and symptom screening will be performed prior to getting on the school bus. Students and staff exhibiting signs of illness and/or temperature of 100.4 or higher will not be admitted on campus or the school bus.

**CLEANING & DISINFECTING**

All YCOE sites will be equipped with cleaning and sanitation supplies. All staff will implement regular cleaning and disinfecting procedures throughout the day.
