

YCOE UPDATE

OCTOBER 23, 2023

ROB GREGOR, YUBA COUNTY SUPERINTENDENT OF SCHOOLS

Special Education Track Meet

A BIG thank you to Hannah Williamson and Scott Doran for organizing the Special Education Track Meet held last Friday. Virginia School welcomed off-site classrooms throughout Yuba County to participate in track and field events. Beale Air Force Base airmen and airwomen volunteered and assisted with set-up, parking, and field events. Smiles abound as students were wheeled across the finish line as students from Wheatland Elementary held signs and cheered them on.

"Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do." - Steve Jobs

We appreciate our special education colleagues who put their heart into each day!

Nina Martinez, M.A., Ed.S, Director of CA Community Schools Partnership Program

What is a Community School?

Community schools are a “whole child” approach to education and creating the environments with optimal conditions for learning. These conditions include building strong, trusting relationships, engaging in inclusive decision-making, and creating a thriving community within our campus’ and its local neighborhoods.

Community schools’ strategies organize and align resources and supports behind improving student outcomes. For example, consider this analogy, a meal has a little bit of everything all offered onto one plate to create a nutritious dinner or lunch. Community Schools strategies are the plate that holds it all together. Key practices for community schools include powerful student and family engagement, collaborative leadership, shared power, expanded enriched learning opportunities, rigorous community-connected classroom instruction, culture of belonging, safety, care, and integrated systems of support.

Yuba County Office of Education supports all districts that have received funding to implement these supports and strategies through technical assistance, partnerships with various agencies, task force engagement, planning, and program development. In addition to supporting those with grant funding, we work with sites and districts that are seeking to receive funding to plan or implement these strategies and approaches on campus’ and within districts across the county.

California Community Schools Forward Framework

Superintendent Gregor attended the Yuba-Sutter Chamber Business Connections Breakfast - State of Beale Air Force Base.

Superintendent Gregor participated in the 2023 California Great Shake Out. Do you know what to do if there's an earthquake?

Joseph Harold Rose (born June 24, 1957) is a former American football tight end who played six seasons for the Miami Dolphins from 1980 to 1985 and one game for the Los Angeles Rams in 1987 in the National Football League (NFL). Rose played high school football at Marysville, Ca., where he led Northern California in reception yardage in his senior year. Rose played college football for the University of California, Berkeley. He was drafted in the seventh round (185th overall pick) of the 1980 NFL Draft by the Dolphins. Rose is best known for catching Hall of Famer Dan Marino's first ever touchdown pass in 1983.
